

**LOW ENDOTOXIN
RAW MATERIALS**

ITW Reagents has been accompanying the pharmaceutical industry in the development of its products for more than 80 years. Selecting, analyzing, producing, and supplying the best raw materials for the manufacturing processes and the most suitable excipients for the final formulation.

We know how important is to stay close to our customers facing the most relevant challenges in manufacturing drugs, offering them a comprehensive portfolio of **raw materials for Biopharma** application.

Why us?

- Comprehensive portfolio for upstream, downstream and formulation
- High quality standard
- Low endotoxin raw materials
- Regulatory documentation available
- Product traceability
- European manufacturing sites
